

Late Return Fees

If the vehicle is returned later than the agreed-upon return time, an additional day's rental fee will be applied. This charge is equivalent to 24 hours of rental.

Importantly, the 24-hour period commences from the original pick-up time. In other words, if you picked up the vehicle at 10:00 AM, the additional day's rental fee applies if the vehicle is not returned by 10:00 AM on the scheduled return day.

This policy ensures the efficient management of our vehicle fleet, allowing us to maintain top-notch service for all our customers.
