

### **Early return**

Our policy regarding early returns of rental cars is designed to maintain effective fleet management and uphold the quality of service we provide to our valued customers. Here's how it works:

### **Refund Exclusions:**

We do not offer refunds for the unused portion of the rental period in the event of an early return of the rental car.

This policy ensures that we, as a car rental company, can efficiently oversee our fleet of vehicles and continue to deliver excellent service.

### **Full Rental Price Requirement:**

In the case of an early return of the rental car, you are obligated to cover the full rental price, even if the vehicle is not used for the entire agreed-upon period.

We appreciate your understanding and cooperation in adhering to this policy, which allows us to continue providing you with top-notch rental services.

**We therefore recommend that you plan the rental period carefully and only book for the time you actually need to avoid unnecessary costs.**
